

Unbelievable.

It should have been **unanimous**.

Last night, Senator Ben Sasse (R-NE) called on the Senate to fast-track a bill to protect babies who *survive* an abortion. Sasse asked that the bill be passed by unanimous consent, meaning it would be immediately approved unless any Senator objected.

**IMPORTANT:** *The bill did not touch the so-called “right” to abortion. We’re talking about a baby born alive, gasping for air on the table, having somehow survived the murderous intentions of the abortionist. In every other circumstance, doctors must provide care for this vulnerable child. But because the baby is the result of a failed abortion... the innocent child is considered worthless.*

#### **Who voted against this?**

A Pro-abortion “Catholic” Senator.

The Washington Senator objected to the bill, saying there are already laws against infanticide. That’s *true*. The law forbids you from actively killing a child. But that’s only half of the story, because the law in many states does not compel anyone to assist a helpless child lying on the table.

It was during the debate on abortion legislation in Virginia that the following ghastly pro-infanticide remarks were made:

“If a mother is in labor, I can tell you exactly what would happen. The infant would be delivered. The infant would be kept comfortable. The infant would be resuscitated if that’s what the mother and the family desired, and then a discussion would ensue between the physicians and the mother.”

Senate Majority Leader Mitch McConnell has voiced his support for bringing the bill directly to the Senate floor to force a vote, rather than sending it to committee.

Catholic Vote is urging the Senate to move forward with this timely legislation ASAP. There’s no reason to oppose the **Born-Alive Abortion Survivors Act**. Which is why I need every CV member to make a quick phone call.

Or simply call the Capitol Switchboard at **(202) 224-3121** and ask to speak to your senator.

Tell your senator: vote **YES on S. 130**, the Born-Alive Abortion Survivors Act.

Supporters of abortion don't like to talk about late-term abortions. In fact, recent polling suggests barely 13% of the American public support grisly late-term abortion procedures.

But allowing babies born alive to die on a table?

*Surely everyone should oppose this!*

Please take 30 seconds to call your senators now.
